Courses shown in **bold italics** must be taken during the semester indicated to stay on track to complete the BS in ID within four years (8 sequential semesters).

* If you do not take one of these courses at K-State because you substitute a course taken at another university (transfer equivalent), you will be required to enroll in an additional University Gen. Ed. Elective 300 or above at K-State.

** Study abroad, in some circumstances, may eliminate the need to take a UGE 300 or higher, but it does not eliminate the need to earn these three academic credits. 125 credits hours are required for a BS in ID.
