

Name: _____

ID: _____

**DIETETICS
DT
BACHELOR OF SCIENCE IN DIETETICS**

Dept. of Hospitality Management and Dietetics
College of Human Ecology
Kansas State University

GENERAL REQUIREMENTS (61-63 Hours)

Communications (8-9 Hours)

- _____ ENGL 100 (3) Expository Writing I
- _____ ENGL 200 (3) Expository Writing II
- _____ COMM 105 (2) Public Speaking IA
- OR**
- _____ COMM 106 (3) Public Speaking I

Social Science (6 Hours)

- _____ PSYCH 110 (3) General Psychology
- OR**
- _____ SOCIO 211 (3) Introduction to Sociology
- _____ ECON 110 (3) Principles of Macroeconomics

>Natural Sciences (29-30 Hours)

- _____ BIOL 198 (4) Principles of Biology
- _____ BIOL 340 (8) Structure & Function of Human Body
-
- _____ HMD 220 (2) Environmental Issues in Hospitality I
- AND**
- _____ HMD 420 (1) Environmental Issues in Hospitality II
- OR**
- _____ BIOL 455 (4) General Microbiology
-
- _____ CHM 210 (4) Chemistry I
- _____ CHM 230 (4) Chemistry II
- _____ CHM 350 (3) General Organic Chemistry
- _____ BIOCH 521 (3) General Biochemistry

Quantitative Studies (6 Hours)

COMPLETE 3 HRS IN MATH

- _____ MATH 100 (3) College Algebra
- _____ MATH _____ (3) College level calculus course

COMPLETE 3 HRS IN STATISTICS

- _____ STAT 325 (3) Introduction to Statistics
- _____ STAT 340 (3) Biometrics I
- _____ STAT 350 (3) Business and Economic Statistics I

Humanities (6 Hours)

- _____ _____ () _____
- _____ _____ () _____

Integrative Studies (6 Hours)

- _____ GNHE 310 (3) Human Needs
- OR**
- _____ FSHS 350 (3) Family Relationships and Gender Roles
-
- _____ ACCTG 231 (3) Accounting for Business Operations

>PROFESSIONAL STUDIES (45-66 Hours)

- _____ HN 132 (3) Basic Nutrition
- _____ HN 400 (3) Human Nutrition
- _____ HN 413 (4) Science of Food
- _____ HN 450 (2) Nutritional Assessment
- _____ HN 510 (3) Life Span Nutrition
- _____ HN 600 (3) Public Health Nutrition
- _____ HN 620 (3) Nutrient Metabolism
- _____ HN 631 (2) Clinical Nutrition I
- _____ HN 632 (3) Clinical Nutrition II
- _____ HMD 130 (1) Careers in Nutrition and Dietetics
- _____ HMD 341 (3) Principles of Food Production Management
- _____ HMD 342 (3) Food Production Management *
- _____ HMD 426 (3) Financial Management in Dietetics
- _____ HMD 515 (3) Counseling Strategies in Dietetic Practice

**Enrollment in HMD 342 requires ServSafe certification and proof of personal health insurance.*

(See CPD & DPD requirements in next column)

UNRESTRICTED ELECTIVES (0-19 Hours) #

(Only 100-799 level undergraduate courses may be applied.)

Note: The College of Human Ecology requires a “C” or higher in “Professional Studies” courses, and the University General Education requirements must be met by K-State courses.

- # 125 hours required to graduate
- Grades of “C” or higher are required.

Up to half of the credits required for a four-year degree may be completed at an accredited two-year college. * Each student must complete at least 30 K-State resident credits to be considered for a degree from K-State. Further, the student must complete 20 of the last 30 hours of resident credits at K-State. A minimum of 45 hours must be at a course level of 300 or above.

*** Maximum of 62 credits from a two-year institution.**

Fall 2009/Spring 2010 (Rev. 5/6/09)

Admission to Program I: Coordinated Program in Dietetics, or Program II: Didactic Program in Dietetics is required for degree completion.

>PROGRAM I: COORDINATED PROGRAM IN DIETETICS (CPD)

Students apply for admission to the coordinated program during the semester immediately prior to the Management and Clinical Semesters. Consult advisor about admission requirements.

Management Semester

- _____ HMD 560 (3) Management in Dietetics
- _____ HMD 561 (8) Management in Dietetics Practicum
- _____ HMD 562 (1) Management in Dietetics Practicum Recitation
- _____ HMD 570 (1) Professional Practice in Dietetics

Summer “Community” Semester

- _____ HMD 517 (1) Communication Competencies in Dietetics Practicum
- _____ HMD 516 (1) Communication Competencies in Dietetics Practice *

Clinical Semester

- _____ HMD 510 (1) Intro. To Clinical Dietetics
- _____ HMD 520 (3) Applied Clinical Dietetics
- _____ HMD 521 (8) Clinical Dietetics Practicum

♣ May take before Management & Clinical semesters.

>PROGRAM II: DIDACTIC PROGRAM IN DIETETICS (DPD)

Students apply for admission to the didactic program during the semester they are enrolled in HMD 341, Principles of Food Management. Consult advisor about admission requirements.

- _____ HMD 490 (2) Practicum in Clinical Dietetics
- _____ HMD 560 (3) Management in Dietetics
- _____ HMD 570 (1) Professional Practice in Dietetics

UGE courses completed (300 level or above)

_____ (3) _____

_____ (3) _____

See UGE policy for additional requirements. K-State courses only.

APPLICATION FOR SUPERVISED PRACTICE EXPERIENCES

Contact the Department of Hospitality Management and Dietetics for admission requirements to the Coordinated Program in Dietetics and the Didactic Program in Dietetics. Note the deadlines for each program.

Coordinated Program in Dietetics:

The Coordinated Program in Dietetics (Program I) combines the baccalaureate degree with the 1200-hour supervised practice experience required by The American Dietetic Association. This supervised practice experience takes place the last year of the degree program, and is termed the “Management Semester”, the “Clinical Semester”, and “Summer ‘Community’ Term”. This experience is equivalent to a post-baccalaureate dietetic internship experience and thus, like an internship, has special admissions criteria and procedures. The Coordinated Program accepts up to 15 students per semester. However, the program is not mandated to fill all slots each semester. Only those students who meet the following qualifications will be considered. Speak with the program director for further information on how candidates’ applications are scored.

Application to the Coordinated Program in Dietetics should be submitted during the semester the student is finishing up all coursework in the program with the exception of the courses listed in the Management and Clinical semesters (see reverse side of this page). The only courses the student would have remaining would be HMD 510, 517, 520, 521, 560, 561, 562 and 570. No other courses can be taken along with the Management and Clinical semesters without express permission of the admissions committee. If a student wishes to begin the Management in Dietetics semester in a fall term (August/September), the application must be postmarked by **February 15**. If a student wishes to begin their Management in Dietetics semester in a spring term (January), the application must be postmarked by **September 25**.

Didactic Program in Dietetics

The Didactic Program in Dietetics (Program II) meets only the academic requirements set forth by the American Dietetics Association. The B.S. degree in dietetics qualifies the student to apply for a post-baccalaureate dietetic internship. Application to the Didactic Program in Dietetics should be submitted during the semester in which the student is enrolled in HMD 341, Principles of Food Production Management. Admission to the Didactic Program in Dietetics is required to enroll in HMD 490, 560, and 570.

Applications for a post-baccalaureate dietetic internship should be completed during the final year of the academic program. The student should check with each internship facility he/she is applying to for specific details and deadlines. Applications for internships beginning in August/September must be postmarked by **February 15**. Applications for internships beginning in January must be postmarked by **September 25**.
