

Annual Progress Report on Assessment Summary for the Didactic and Coordinated Programs in Dietetics submitted March 2009.

During 2008, the coordinated and didactic programs in dietetics developed five-year student learning assessment plans to meet the new 2008 Commission on Accreditation for Dietetics Education Eligibility Requirements and Accreditation Standards. New alignment matrices have been developed for each program and a plan to assess a section of CADE Knowledge Requirements and CADE CP Competencies has been developed for spring-fall 2009.
