

Kansas State University Coordinated Program in Dietetics KRDN/CRDN Curriculum Map (Required Element 5.1)

Didactic & Supervised Practice Courses Aligned with Core Knowledge & Competencies for the RDN (CP, FDE, IDE)

Background: The KRDN/CRDN Curriculum Map is used to identify the courses or rotations in which students are being taught ACEND-Required Core Knowledge (KRDN) and Competencies (CRDN).

Directions: List courses and rotations in chronological order organized by term, including course number, course title and credit hours. Next, using course syllabi, textbooks and assignments, identify which ACEND-Required Core Knowledge and Competencies occur in a course or rotation and place an 'X' in the appropriate column. Add additional rows as needed.

Note: X indicates topic taught in course X¹ indicates KRDN/CRDN measured in course
